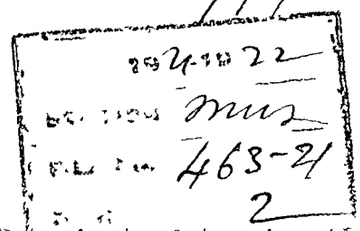
BRIEF ABSTRACT OF LETTER.

NOTES AND ORDERS.

NOTES—First Sheet.

2999



N O T E.

1)

The work of the Special Duty is to determine the details of Institutionwar balances making up the total of th Muzrai Surplus Funds held by Government, such details were last worked out up to the end of the year 1899-1900, and th results which were accepted by Government are printed as annextures to the Government Proceedings No.2892-901/Muzrai. F.5-96 dated 19th March 1904.

2. With this balance of June 1900 to start with, I ha to work out the details of receipts and expenditure of all the Institutions individually month by month from July 1900 and then to determine the Institutionwar details for the -- balance available at the close of the last official year.

3. On actually entering into the work, however, I foun that the Districts and Talukas had not properly maintained th Muzrai accounts prescribed by the Government, I had therefore to fall back on the muzrai barawards for details of -- debits and these were available only from the year 1905-06. In respect of the credits, I experienced considerable difficulty in a few Talukas at the outset where I had them worked out from the stray accounts available supplemented by references to the Treasury Cash Books. But subsequently I found almost by chance, that the Comptroller's office had preserve the monthly statements sent by the District Treasuries -- completely from the same year 1905-06. From the barawards and the Treasury statements thus secured, I have had the details of debits and credits of all institutions from the year 1905-06 worked out - the former by the account establishment placed at my disposal and the latter by the Muzrai -- Section of the Comptroller's Office which was strengthened by an allotment of Rs.40/- a month. I have yet to look into a few items of discrepancies between District and the --- Comptroller's figures, differences due partly to small mis-

not limit the reconciliation to the figures shown in the -- special ledger of Muzrai ~~distribution~~ institutions kept in the Comptroller Office. Of course, in the absence of any independent Departmental accounts, the Muzrai Department has only to accept the amount admitted in the General Ledger of the Comptroller. Here the amount is shewn as one lump-sum for the whole State, with no details whatever either by Districts or Class of institutions. These details are to be found in the special ledgers of institutions also maintained in the Comptroller's Office; but, unfortunately these two sets of ledgers are not quite in agreement, as, up to the year 1915-16 no detailed verification of Muzrai accounts with the general ledger had ever been attempted and even subsequently, the annual verifications have not been full and complete, long standing differences between the two sets of ledgers still remain to be scrutinised and reconciled. In the Muzrai ledgers themselves the closing and opening balances have not been continuously adopted year to year; in several instances, the closing balance of a year and the opening balance of the following year vary.

Until these ledgers are all rectified, it is not possible to fix the amount of funds available to the credit of Muzrai Institutions with certainty even in a lump-sum.

6. Reverting to the question of the opening balance, I have been able to find only one book in the Comptroller's Office which contains a statement of Muzrai funds in the following form:--

Particulars.	Opening balance on 1.7.05.	Credits. 1905-06.	Credits. 1906-07.	Total.	Debits. 1905-06.	Debits. 1906-07.	Total	Closing Balance on 31-3-07

7 The statement has been compiled Talukwar with details for major institutions individually and for monor temples and minor Mahomedan institutions in lump-sum unit for each Taluk. I append below an abstract of the information tabulated in this Book:--

Particulars.	Amount.	Total.	As per Ledger.
Opening Balance on 1-7-1905:-		3,89,776- 6-10	3,61,851-13- 7
Credit, on 1905-06	4,68,867-11- 0		4,67,753- 0- 7
Credit, on 1906-07	4,65,711- 6- 4	9,34,579- 1- 4	4,64,015- 4- 4
Total		13,24,355- 8- 2	12,93,620- 2- 6
Debit, on 1905-06	4,45,379-12- 9		4,48,956-12-11
Debit, on 1906-07	4,20,829- 6- 6		4,21,509- 3-11
Total		8,66,209- 3- 3	8,70,466- 0-10
Balance		4,58,146- 4-11	4,23,154- 1- 8
Add further adjustments		15,686- 4- 9	
Add personal allowances:--			
Muzrai proper	5,355- 8- 2		
Sarjapur Jahgir allowances*	2,194- 2- 2		*Now treated as Political.
D. Devaraj Urs Inam lands	121-11- 5		
Anche Thippiah's family	2,573-11-10		@Encumbered estate
Total		10,245- 1- 7	
Grand Total		4,34,077-11- 3	
Deduct sayer of Chamarajnagar Temple		60.669- 7- 6	
Balance		4,23,408- 3- 9	
Book balance		4,23,154- 1- 8	
Difference		254- 2- 1	
Sayer ...		260-10- 1	
Muzrai ...		— 6- 8- 0	

8 In the first place the entries of opening balance on 1st July 1905, the credits and debits for 1905-06 detail-

detailed above do not at all agree with the Ledger figures under the respective heads which are noted in juxta position in the last column for purposes of ready reference. The figure against Muzrai Personal allowances and Sarjapur Jahgi allowances have been adopted from the balances worked out up to the end of June 1900 brought up to 1906-07. Even here there is a small mistake of Rs.14-13-9 due to the omission o 2 items in the statement of Koppa Taluk.

9 It is not clear how and when the figures relating to the estates of D. Devaraj Urs and Anche Thippiah's family came to be mixed up with Muzrai Funds and how the matter now stands.

10 The closing balance of 1906-07, as worked out abov has not been adopted as the opening balance in the ledger of the following year 1907-08; the opening balances as entered in this ledger work up to a total of Rs.4,73,832-9-8, a -- figure which may be reconciled with the general Ledger Book balance of Rs.4,23,154-1-8 in the following manner.

Muzrai Ledger balance ...		Rs.4,73,832- 9- 8
Add personal allowances ...		10,245- 1- 7
Total ...		4,84,077-11- 3
Deduct Sayer allowance ...		60,930- 1- 7
Balance ...		4,23,147- 9- 8
Difference untraced ...		6- 8- 0
Total ...		Rs.4,23,154- 1- 8

11 The difference of Rs.6-8-0 still remains untraced and it now stands augmented by further differences of subsequent years; and these differences have now to be reconcil

12 In regard to the Sayer allowances, I have compiled statements of Debits and Credits from 1900-01, and I find that out of the funds held under the head Sayer allowances etc., payable to Inamdars in 1907-08, a sum of Rs.60,930-1-

has been transferred to the credit of Chamarajanagar temple and with certain further debits in this year, the amount held under the head has been reduced from credit opening balance of Rs.66,571-0-10 to a debit closing balance of Rs.16,188-14- and this debit balance still stands unadjusted in the books of the Comptroller's Office. How, in these circumstances the same amount has been shewn as included in the Muzrai -- balance at the close of 1906-07 and how it has been dealt with since, are matters which have to be examined and settled.

13 Next as regards personal allowances, I find that in the Broad sheet of 1916-17, an opening balance of 9,557-3-2 has been entered as against Rs.10,245-1-7 at the close of 1906-07 and without any further debits and credits whatever the closing balance has been increased to Rs.9,804-6-4, a figure which is being repeated in the Broad Sheets of all the subsequent years; I have not been able to get any information as to how the amount stands distributed yearwar, Districtwar or otherwise.

14 From the above, it will be seen how Sayer collections payable to Inamdars and other funds have got mixed up with Muzrai funds proper; and how, unless the exact amount of these foreign elements are determined and eliminated from Muzrai, it is not possible to fix the exact amount that should go to the credit of the several Muzrai Institutions.

15 Again in regard to Muzrai Funds proper, there were formerly held under 3 separate heads, viz.,

(1) Surplus funds of Devastanams - representing the undisbursed balance of cash grants and personal Muzrai allowances payable under the Inam settlement.

(2) Funds of institutions under Muzrai management -- commonly known as Hosahead - representing the income from landed endowments, kanikes etc., - in short all sources -- other than the cash grant.

(3) Funds of Institutions under the "Temporary management of the Government" formed in 1896 for the purpose of holding separately the funds of certain matts and temples which had been taken under the direct management of Government as a temporary measure. I append below the names of the Institutions which came under this head in 1896:--

Mysore District:--

Sri Vyasarayaswami Matt at Sosale, T. Narasipur Taluk.

Nowl Krishnadoss charities at Paschimvahini, Seringapatam Taluk.

Hassan District:--

Sri Uttaradi Matt at Hole Narasipur.

Sravanabelagola Matt in the Chennarayapatna Taluk.

Sri Chaturbhuja Pattabhiramaswami temple at Hole Narasipur.

Bangalore District:--

The Sivaganga Matt in the Nelamangala Taluk.

Sri Gangadhareswaraswami temple on the Sivaganga Hill.

Kadur District:--

Hariharpur Matt in Koppa Taluk.

Bisagni Matt in Chikmagalur Taluk.

Singanagadde Matt in Narasimnarajpur Taluk.

16

Prior to the Government Order of 19th March 1904, the abolition of the distinction between the first two of the above heads, viz., "Surplus" and "Hosahead" had been approved

approved by the Dewan; and these have been treated together in the Comptroller's ledger from 1905-06. But as regards the funds of institutions under the temporary management of the Government, these were not dealt with in the examination of the Muzrai accounts up to 1899-1900 and the Government -- Order of 19th March 1904 is also silent about it, and yet, the Comptroller has done away with the distinction and in the ledgers from 1907-08, the funds of these institutions under the temporary management of the Government, stand amalgamated with the funds of Muzrai Institutions proper. Perusing the ledger of 1907-08, I find that the opening balance at the credit of the several institutions under temporary management, therein entered, do not work up to the General Ledger balance under this head till then maintained separately. The difference is markedly wide.

17 Even in the Ledgers of previous and subsequent years the credits and debits of the several institutions under -- temporary management have not been correctly posted, for -- instance, several credits of Vyasaraya Matt have been booked to the credit of Sivaganga Matt, Uttaradi Matt and even -- Minor temples, and vice versa in various combinations. These mistakes have been noted and have to be rectified.

18 Yet another disturbing factor is the surplus of institutions under Palace management. The accounts relating to these institutions were not dealt with in the determination of institutionwar balances of 1900; looking however into the statements appended to the Government Order, it will be seen that several institutions under Palace management are included in the statement of Mysore Taluk; the figures therein entered should, I think, represent the surplus of the institutions prior to 1870 when they were under District charge.

19 In the year 1900, the Comptroller's books showed a lumpsum credit of Rs.66,041/- in favour of the institutions under the management of the Palace Comptroller and this was

was accepted by the Government in passing orders on the question of the adjustment of certain charges then raised.

20 Subsequent to 1904, some of these institutions were transferred back to the direct management of the Palace - while some ~~other~~ others were transferred to the Taluk Muzrai.

21 This should have necessitated some adjustments in the accounts as between the Institutions retained by the Palace and those transferred to the Taluk; but I could not find out how these adjustments were effected. In the book referred to in para 6 supra - and also in the Ledger of -- 1907-08 the opening and closing balances are noted in lump-sums without distribution Institutionwar and during recent years, the surplus of Palace Muzrai Funds have been separated from the Provincial total into which they had all along been included and now this surplus is held under an altogether distinct head of account. How the of Palace Muzrai Funds at the time of this separation was fixed, requires to be examined again.

22 In short, the bridging up of the gap in the Muzrai accounts between the years 1900-01 and 1905-06, the determination of the correct figure as the opening balance of 1905-06, the reconciliation of the figures of credits, debits and balances as between the Muzrai ledgers and the general ledger both maintained by the Comptroller, these are the items of work which now remain to be done before the balance of Muzrai funds can be correctly fixed and an Institutionwar distribution thereof determined; this however is a work which has to be done entirely on the books and records of the Comptroller's Office.

23 I have placed all these matters before the Comptroller personally, and he has expressed to me his readiness to give me every help and facility necessary to bring the whole of the Muzrai accounts to a satisfactory condition finally as was done in 1900.

If it be the pleasure of the Government that, after all the work till now done, I should give it a satisfactory completion by taking up the further work yet to be done, I shall be glad to do it under the instructions of the Comptroller if a senior accountant of his office - of a status of a Section Superintendent - be associated with me in this work. Personally too I should feel it a great disappointment alike to the Government and to myself to leave the responsible work assigned to me in an incomplete condition, because of the situation with which I am now unexpectedly confronted.

Even as regards the work already turned out, I beg to submit that I require a month more to give it a final shape. I regret that, in spite of hard and strenuous work I could not keep to my original expectation of completing the work, by the end of the current month. In the first place, the work of the Mysore District has proved more -- taxing and laborious than anticipated for want of proper accounts and even complete and clearly written barawards in the heavy Taluks of Seringapatam, Nanjangud, Yedatore, Chamarajnagar and T. Narasipur. The work of the District has just been completed. Secondly the Comptroller's final figures for 1920-21 which were expected by 15th November were made available for my reference only a couple days -- before Xmas, and in consequence, the completion of the -- accounts of several Taluks for 1920-21 has been somewhat delayed; next, the study of the books of the Comptroller's office, and the compilation from the ledgers of the Muzrai Credits and debits from 1900-01 and of the accounts of the funds of Institutions under temporary management from 1896, when the account head was first opened and the examination of the accounts of the "Sayer Collections etc., payable to inamdars" which have been mixed up with the Muzrai funds - all these have taken up over a fortnight of my limited time but the work has proved extremely useful as an "Eye opener" of the exact situation and of the work still to be done.

Lastly, the mere tabulation of the compilations till now made, and the preparation of the fair copies of the several statements embodying the results of the work till now turned out will take some days of heavy labour.

25 In these circumstances, I beg that the term of the Special duty may be graciously extended by one month, i.e., till the end of February 1922. By that time, I shall, -- along with these statements of Minor Muzrai Institutions, also submit complete statements of the receipts, disbursements and balance of Sivaganga Matt funds together with the Revenue, Demand, Collection and Balance statements of the inam villages of the Matt all brought up to the end of June 1921. As I have already submitted in my notes dated 12th March 1920 (file 566 of 1919) the accounts of the Sivaganga Matt were last audited up to the end of June 1900 on my -- casually discovering early in 1901 some defalcations of the Matt funds by a Taluk Clerk. Subsequent to this audit, the accounts of the Matt and of the Sri Gargadhareswaraswami temple at Sivaganga have not been scrutinized nor have --- correct accounts been regularly maintained in the Muzrai Superintendent's Office. In that note, I suggested a further audit of the accounts by an auditor from the Comptroller's Office; but on further consideration, I reserved the work to be done by myself and this I have now done. The results are being tabulated and ~~this~~ they will be submitted to Government early next month.

I shall submit a statement of the Assets, debts & balance of the Sivagangai Matt funds & since the Dist. Court undertook Matt management in 1905. Such of any all errors noticed in the Books of them/ me

26 During this short extension, I shall also attempt with the help and guidance of the Comptroller, to lay up a satisfactory opening balance sufficiently correct for all practical purposes, and to have all the errors till now --- noticed, rectified by suitable transfer entries in the books of the Comptroller. After some regular work in this direction for 2 or 3 weeks, the Comptroller himself will be in a position to say by about the 15th February what further time will be required to complete the work, I shall report

arrangements, if any, might then be required, and when any re-employment may be determined definitely.

27 I now beg to submit the matter for the consideration and orders of the Government.

30 A Supplementary note is put up

30/1/22.

1821/30/1

Supplementary Note

Memo.

31 Since submitting my note of 24th instant, I have found that it is possible to bridge up the gap between 1900-1 and 1904-5 and thereby link the compilations of credits and debits with the closing balance of 1899-00.

32 The ledgers and bill files of 1904-05 are completely available.

33 As regards the previous four years - 1900-1 to 1903-4, I find that the Muzrai debits of each Taluk month by month can be compiled from the list of payments verified with the entries in the ledger, thus:--

1902 - 3.

July. Debits. Rs. 0-15-9

Voucher No.	256	-	35- 0- 0
Surplus	854	-	2- 0- 0
Cash balance			857- 1-11
			884- 9-11
Personal grants			6- 5-10
			890-15- 9

Details as per vouchers:--

Srinivas Kandiraya grant-in-aid	25-0-0
Barrengatta sweeper	2-8-0

		Muzrai.	Congress	
Pargalore Taluk	...	127-15- 4	0- 4- 8	
Doddaballapur	...	64- 5- 1	4- 0- 0	
Nelamangala	...	26- 6- 4	0- 1- 1	
Hoskote	...	97- 3- 8	1- 0- 4	
Devanhalli	...	16- 4- 1	2- 0- 8	
Magadi	...	49- 4-1		
Channapatna	...	420- 8- 8	0- 3- 4	
Kankanhalli	...	13- 7- 1	0-11- 2	
Anekal	...	18- 8-10	0-11- 4	
		842-15- 2	20- 8- 7	= 863-7-9
			Total	890-15-9

34 I can work out the institutionwise debits of the debits of each Taluk from the baravards - which are

which are records of permanent preservation supplemented by stray accounts available.

35 For example, I have obtained t[illegible] farmward copies of Bangalore Taluk - for reference. [illegible] details for -- Rs.127-15-4 are entered therein.

36 [illegible] credit statements for the year 1904-5 are -- available for all the Districts and those of 1900-1 to 1903-4 for several districts. The statements not available here may be easily worked out in the districts from the books etc., as I did in respect of some talukas at the outset The credits of minor institutions are few and far between.

37 Again, as regards the inclusion of [illegible] family funds in the [illegible], I find it to be a mistake now due to the district treasury officers having excluded the income of those villages of this family - Doddaballapur and Hoskote and Sodenur in Anekal Taluk - which were under Government managements in the monthly statements of credits of mutual institutions under temporary management. I am compiling statements of such wrong credits between the years 1901-2 and 1904-5.

G. R. S.-III-2]

General and Revenue Secretariat. | File No. of 19

Serial No.

38 I think it is quite necessary to consult the Comptroller. I have already noted on the importance of this work and the necessity for bringing it to a satisfactory conclusion. Mr Mrityunjaya Iyer --- reports that he has now got all the materials necessary for arriving at the balances of institutions, calculated with reference to the transactions -- from 1900-01, for which year, the opening balances - of institutions were fixed in Government Order dated 19th March 1904. The work has mostly to be done from the records available in the Comptroller's --- office and that Officer may be requested to afford all the help necessary for closing this work with -- the least possible delay.

39 As already observed by the Dewan what is as important as the fixing of balances for institutions is the proper maintenance of their accounts hereafter so - that there may be no occasion for ~~such~~ confusion any -- longer. We cannot begin such compilation one moment too soon. There will be no use in fixing the balances of institutions if the future transactions are not recorded with scrupulous accuracy and future balance made reliable for purposes of financial transactions of the institutions.

40 I understand that a special establishment was sanctioned in the year 1904 for the maintenance of - these

NOTE—Contn sheet

Serial No.

these accounts in the Office of Superintendent and -- that this establishment has been strengthened more -- than once. I do not know why accounts prescribed by Government to be kept in the Superintendent's Office are not being maintained there or on what other work this establishment has been employed during the long period of 18 years. It is quite necessary to immediately employ ~~them~~ it upon ~~their~~ its legitimate work. If possible, I would propose that the services of this establishment may be placed at the disposal of Mr. Mrityunjaya Iyer, so that his work may be completed even earlier than otherwise

This requires some explanation from the Messrs Subbu Rao

4/ I do not know what has become of my suggestion for the introduction of pass books. I cannot too -- strongly emphasise the need for the adoption of this arrangement. There is no need to wait for the fixing of balances for bringing these pass books into use. Current transactions are as important as the fixing of balances and in the absence of a reliable record of ~~the~~ receipts and charges of the institutions, -- written up simultaneously with the transactions ~~take place~~, the present confusion which is so prevalent, so much effort to remove will only be perpetuated.

I am in full agreement about this Subbu Rao

42 As I have already observed in one of my previous notes, the Guzral accounts will not be satisfactory until a separate set of deposit and account

are compiled from data ~~separate from~~ independent of the treasury, figure and the amounts lodged with Government on behalf of institutions are claimed for them by the Muzrai Department, relying upon such departmental accounts. I have little doubt that it was with this object -- that the Government prescribed the maintenance of a separate set of accounts in the Muzrai Superintendent's office. It is necessary to give effect to this intention at least from the year 1921-22.

Muzrai Secretary,
through the
Comptroller.

4.3 204 R&C-2-22

The differences between the Muzrai ledgers and general books for the years 1905-6 and 1906-7 have been adjusted as explained by Mr. Ritvanjava Iyer in paragraph 6 of his note, and the discrepancies and the differences between the opening and closing balances of ledgers, referred to in the same paragraph are all explainable by the adjustments noted.

4.4 (2) The points raised with regard to the balances of the institutions under the temporary management of Government require to be investigated and these will be looked into, and the differences, if any, traced.

4.5 (3) The Sayer allowances wrongly included under Muzrai Funds have been eliminated by transferring the amounts to the different head and the item in-

NOTE—Contn sheet

Serial No.

-gation of the debit balance under the head "Sayer Allowances" may be conducted independently without its materially affecting the examination of "the Muzrai Fund balances".

46 (4) In the matter of the preliminary work done so far, Mr. Krityanjaya Iyer undertook to have the statements of debits prepared himself, while this Office undertook to get prepared the detailed statement of credits for the balances on Muzrai ledgers from 1905-6 to 1919-20. These statements have been prepared by my Office for fifteen years for all the Districts except Bangalore. The statements for Mysore and Kolar will be verified and made over to Mr. Krityanjaya Iyer by the end of this month.

The statements in Bangalore were not required to be prepared.

47 (5) In regard to other points dealt with in Mr. Krityanjaya Iyer's note, this Office will, on receipt of statement of differences and discrepancies which Mr. Krityanjaya Iyer has promised to furnish this Office with, trace and adjust them by transfer entries then and there. The statements so far furnished by Mr. Krityanjaya Iyer have been dealt with accordingly.

48 (6) I shall gladly render Mr. Krityanjaya Iyer any help he requires, if the temporary establishment sanctioned in G.O. No.110-1/Muz.618-20-1 dated 13th July 1921 is continued, but I do not consider that the work entrusted to him of determining the individual balances of minor institutions can be completed by the end of February as opined by him.

GENERAL AND REVENUE SECRETARIAT.

Council Matter.

SUBJECT.

Extension of the term of the special duty of Mr. A. Mrityunjaya Iyer in the Muzrai Department till the end of March 1922.

CIRCULATED TO THE MEMBERS OF COUNCIL.

By Order,

22nd February 1922. *Chief Secretary to Government.*

Extraordinary Member of Council.

First Member of Council.

Second Member of Council. Seen.

Third Member of Council.

Subd. to 2nd Member for Final Note.

Signed Finance Note D.S.N. Subd.

Devan)

Final Note by the Second Member of Council.

Subject:—

Extension of the term of the special duty of Mr. Mrityunjaya Iyer in the Muzrai Department till the end of March 1922.

In Government Order No.3511-21/Muz.463-21-1 dated 10th January 1922, the term of the special duty of Mr. Mrityunjaya Iyer in connection with the determination of balances at the credit of the several Muzrai institutions in the State up to the end of November 1921, was extended till the end of January 1922.

2. Mr. Mrityunjaya Iyer has, in his note dated 24th January 1922, explained the difficulties experienced by him in completing the work within the stipulated time in spite of the strenuous work he has been doing all along, and requests that, for the reasons given, the term of his special duty may be graciously extended by one month, namely, till the end of February 1922.

3. Kind perusal is invited to the remarks of the Financial Secretary and the Comptroller on the above note of Mr. Mrityunjaya Iyer. The Comptroller considers that the work entrusted to Mr. Mrityunjaya Iyer of determining the individual balances of minor institutions cannot be completed by the end of February and recommends Mr. Mrityunjaya Iyer's deputation being sanctioned up to the end of March 1922.

4. I am in full agreement with the views of the Financial Secretary in the matter. So far as Mr. Mrityunjaya Iyer is concerned, I am inclined to accept the recommendation of the Comptroller that it is best to get the work completed by him, the period of his special duty being extended till the end of March 1922. With the help already given, and promised to be given, by the Comptroller, the work ought, I think, to be completed before the end of the current month.

5. The Dewan and the other Members of Council are agreeable to the

the extension now recommended.

6. I solicit His Highness' gracious sanction to extend the term of Mr. Mrityunjaya Iyer's special duty up to the end of the current month.

P. Raghavendra Rao
